

Clark State Community College is the lead applicant and has done extensive work designing a program to provide mental health and addiction services apprenticeship programs (short- and longer-term) and professional development apprenticeships addressing opioids in the workplace. If successful, this grant will provide up to \$300,000 over a four-year grant period to implement this program. The need is unfortunately obvious in our region and our Human and Social Services program and faculty are an excellent fit for this grant.

Included in the packet is an enrollment survey reported by the Ohio Association of Community Colleges (OACC) colleges on the 15th day of the fall term.

Since my last report, I have been involved in the following meetings and events:

- SSLI Meeting at North Central State
- Hillsboro Rotary Club Meetings
- Call with President of Allegany College of Maryland
- Board of Trustees Finance Committee Meeting

The Risk Assessment is an audit requirement for all agencies receiving federal funds (2 CFR 200.331). The purposes are: (1) Pre-Award - to determine whether an organization is managerially and financially responsible and capable to carry out the Aspire grant award, and (2) Post-Award – to determine the appropriate monitoring of the Aspire grantee. In your Risk Assessment Tool, you will find that your program received a score based on 12 indicators with corresponding point values. A higher score indicates a greater level of risk.

The SSCC Aspire Program was rated at 20 of a possible 200, representing an extremely low risk. The 20 points were related to low enrollment.

PTK will utilize the new Canvas platform as a means to begin online meetings and post announcements and work on collaborative projects.

The chapter will be working with Ohio's Regional Coordinator to assist with planning for recruitment and active chapter status with work towards 5-Star Chapter confirmation. Interested members will be attending the regional Leadership in Action Conference at Antioch University on Oct. 26-27.

Core Values v3.

Accessibility – Easy to get to, enter, engage, and use. We will:
